Charles Shere Collection (81 records)

The personal tape collection of composer and former KPFA Music Director Charles Everett Shere (1935-2020) comprises recorded performances of his own works over five decades. Included are rare recordings of works by other composers that arrived in the 60s and 70s from diverse sources that Shere saved for personal reference. More of Shere's material is held by the UC Berkeley Music Library and can be reviewed [Here](#). Additional papers are held by Mills College at Northeastern University and can be reviewed [Here](#).
